

Web UI

The easiest way to access your server is from your [Hosterra account](#). To do this, click on the service you want to manage and then in [the service details page](#), click on the **Plesk Login** button to access the Plesk interface of your server.

You can also connect directly to your server Plesk interface with the credentials and url we sent you by email after your purchase...

The screenshot displays the Hosterra Plesk interface. On the left is a dark sidebar with navigation options: Websites & Domains, Files, Statistics, Users, and Account. The main content area is titled 'Websites & Domains' and shows a table with one item. The item's domain name is '844c1247-c1af-4935-b586-02450b3757f7.hosterra.storage' and its status is 'Active'. Below the table is a dashboard for this website, including a 'Statistics' widget showing 6967.6 MB of disk space and 0 MB of traffic this month. Other dashboard widgets include 'Connection Info for FTP, Database', 'Files', 'FTP', and 'Backup & Restore'. On the right side, there are additional widgets for 'Backup & Restore' (listing Imunify360 and SSH Keys) and 'Resource Usage' (showing 6967.6 MB used of 5 TB disk space and 0 MB/month used of Unlimited traffic). The top of the interface includes a search bar, user name 'Pierre Lannoy', subscription information, and the Plesk logo.
