The easiest way to access your server is from your [Hosterra account](#). To do this, click on the service you want to manage and then in [the service details page](#), click on the **Plesk Login** button to access the Plesk interface of your server.

You can also connect directly to your server Plesk interface with the credentials and url we sent you by email after your purchase...

The screenshot shows the Hosterra Plesk interface. On the left is a dark sidebar with the Hosterra logo and navigation links: Websites & Domains, Files, Statistics, Users, and Account. The top header includes a search bar, user name (Pierre Lannoy), subscription status (All subscriptions), and the Plesk logo. The main content area is titled 'Websites & Domains' and shows '1 items total'. A table lists one item with columns for 'Domain name' and 'Status'. The item is '844c1247-c1af-4935-b586-02450b3757f7.hosterra.storage' and is 'Active'. Below the table is a dashboard for this item, featuring a 'Statistics' widget (Disk space: 6967.6 MB, Traffic this month: 0 MB), a 'Dashboard' widget with links for Connection Info, Files, FTP, and Backup & Restore, and a 'Resource Usage' widget (Disk space: 0%, 6967.6 MB used of 5 TB; Traffic: 0%, 0 MB/month used of Unlimited). The IP address is 62.210.89.18 and the system user is visible.
